After deposit, kindly copy and paste the transaction ID from the transaction page on your wallet explorer on the provided box marked with the letter "B" on the above illustration. Then click on the "Confirm" Button.

5. Last but not least, please pay attention to the deposit chain and confirm the deposit address before completing the deposit.

Tips: Please pay high attention to deposit operation. If the crypto is lost because of the wrong address or the wrong chain, our platform will not be able to assist in tracking or claiming.

When will the Deposit get confirmed?

Generally, the confirmation time will differ based on different blockchains:

BTC Deposit: Required at least 3 confirmations ETH Deposit: Required at least 6 confirmations TRON Deposit: Required at least 10 confirmations USDT Deposit: Required at least 20 confirmations

When will the Smart Investment Contract get activated?

Your Smart Investment Contract gets activated instantly after receiving all the required confirmations of your deposit on the blockchain. An Investment Package Invoice will be sent to your registered email address confirming your Investment activation.

Is it possible to receive a refund of the initially deposited capital?

No. It is not possible to obtain a refund of the initially deposited capital. It's important to understand that the daily returns generated from your smart investment contract already include your capital. Therefore, any request for a capital refund either during or at the end of the contract period is not feasible.

If you've deposited and hasn't arrived in your account, get in touch with our customer service team or send an email to support@kemiradigitalassets.com during working hour.
